

GOVERNOR THANKS BOYS BAND FOR INAUGURATION MUSIC

Governor Morrow Says He Was Proud of Our Band and That Every One at the Inauguration Was Delighted With Their Music.

Governor Morrow is not ashamed of his selection of the Maysville Boys' Band to lead his inaugural parade and while he makes no pretensions at being a music critic, he says he is still proud of the band which he picked out as the best band in the state considering everything.

Business Manager J. Barbour Russell has just received this letter from the Governor:

Frankfort, December 13, 1919.
J. Barbour Russell,
Maysville, Kentucky.

My Dear Barbour:
I want to you and by you to express to the Boys' Band of Maysville, my very deep appreciation for the services rendered me on the occasion of my inauguration.

I was very proud of the Band and every one was delighted with them. They made a very distinct hit. It was very splendid of them to come and very wonderful of you to show your very deep interest in their coming, and the success of the entire undertaking. This required effort, energy and loss of time upon your part. I called Mr. Phyllis up on my arrival in Frankfort and made arrangements for you and the Band to go through the penitentiary. I tried to get into communication with you, but do not know whether the message I sent reached you. I had many things upon my mind, and I hope you will overlook any shortcoming upon my part in writing you.

Let me know when I can serve you in any way.

Sincerely,
EDWIN P. MORROW, Governor.

Interest in roller skating continues and each evening the Princess Skating Rink is well filled with young as well as old. There will be some extra features on the program at the rink during the next few days.

DR. DODSON IS OUSTED BY CITY COUNCILMEN

Council-elect From Third Ward Is Found to Be Ineligible For Seat In Council and Mr. J. D. Keith Is Elected in His Place.

After many meetings, the members of the City Council finally ousted Dr. J. A. Dodson from the body on Monday evening following a committee meeting of Council of the whole which had investigated the case and which had found, under the proof offered, that Mr. Dodson had not been a resident of the Third Ward long enough to make him eligible to the seat in council to which the majority of the voters of his ward had elected him by an unquestionable plurality.

When the committee returned to the council chamber from the committee room, Dr. Dodson addressed them stating that he did not desire to take the matter into the courts and that he did not desire to cause his friends any more trouble. He then offered his resignation relinquishing any rights that he might have to sit in council. It was later ruled that as council had not been called in regular form and was still in committee when Dr. Dodson offered his resignation, it had not been duly offered to council and his statement was disregarded.

The report of the committee was filed and ordered recorded and a vacancy was duly declared and Mr. John Dudley Keith was unanimously elected to fill the vacancy.

SCHUMACHER INQUEST MAY BE HELD TOMORROW

Coroner Thomas Higgins is now preparing to hold the formal inquest into the death of Ben Schumacher, the murdered night watchman at the Maysville Cotton Mills. The coroner has been holding up the inquest pending the investigation of the case by Chief of Police Harry A. Ort. The Chief has been very busy on the case for the past two weeks and will probably be ready for the inquest Wednesday or Thursday.

ANNUAL TAX NOTICE IS ISSUED TODAY

All city license expire with the last day of December and in another part of today's issue there appears for the first time the formal city tax notice. Under the new city tax ordinance passed by council several weeks ago, there are many new forms of business that are required to pay city taxes and those who are not quite certain about their status, should look over this notice carefully to see if they are required to pay city taxes this year.

FARMERS WEEK AT UNIVERSITY TO BE BIG THING THIS YEAR

Extensive Plans Are Being Made For the Celebration of Farmers' Week Beginning January 27—Many Local Farmers Always Attend.

Talks by agricultural experts, judging contests, meetings of various State organizations, these and other features make up the program for the eighth annual Farmers' Week, which will be held at the University of Kentucky from January 27 to 30, inclusive.

The event is being advertised over the State by literature sent broadcast and by notices appearing in various newspapers of Kentucky. Those in charge of the program expect between 1,000 and 1,500 farmers to be in attendance.

Sessions of the State organizations that will hold exhibits during Farmers' Week will be held in the various buildings of the University of Kentucky and at the stock-judging pavilion. Organizations that will hold annual meetings are: Kentucky Horse and Jack Breeders' Association, Tuesday, January 27; Kentucky Sheep Breeders' Association, Wednesday, January 28; Alfalfa Growers' Association, Wednesday, January 28; Kentucky Dairy Cattle Association, Thursday, January 29; Kentucky Beef Cattle Association, Thursday, January 29; Kentucky Poultry Association, Friday, January 30, and the Kentucky Swine Breeders' Association, Friday, January 30.

Every morning at 11:30 o'clock during the week all organizations will hold a general meeting, either in the university chapel or in the stock-judging pavilion. At each of these meetings a prominent agriculturist will be present to lecture the farmers on some subject of timely interest.

President Frank L. McVey, of the University of Kentucky, and Thomas P. Cooper, dean of the college of agriculture, will deliver addresses of welcome at the opening of the various organizations' meetings.

One of the features of the event will be a beef cattle judging contest as to the steers which will dress out. It is planned to give prizes to the successful competitors.

The "better sires—better stock" campaign of the Department of Agriculture will be explained at this time. There will be on exhibition three steers as follows:

A prime purebred Hereford bullock, a high-grade Shorthorn and a common rough steer. They will be judged on foot and then killed to find out which dresses out the most meat. The purebred represents the highest results in using purebred animals, the Shorthorn shows good results that can be obtained by crossing a scrub cow with a purebred bull, and the common rough steer is an example of the common kind of steer which the farmer cannot afford to raise, according to experiments conducted by the department of animal husbandry.

The animals will be slaughtered by students of the college of agriculture in the meat under the direction of E. J. Wilford, instructor in meats. The carcasses will be put on exhibition and the quality of the meat will be discussed by some man who has made a lifetime study of the subject.

A Southdown wether will be donated by the Experiment Station to be killed and the mutton served to members of the Kentucky Sheep Breeders' Association. The mutton will be prepared and served under the direction of Miss Mary E. Sweeney, head of the department of home economics.

One of the features of Farmers' Week will be the program of the poultry department, "Kentucky's Queen," a White Leghorn hen sired by Sir Eglington, which has laid 260 eggs in her pullet year, will be on exhibition. Talks will be made by A. G. Phillips, head of the department of poultry, Indiana Experiment Station, and by H. C. Pierce, Harrodsburg, formerly connected with the United States Department of Agriculture.

Mr. Phillips will speak on the subject, "The Possibilities of the Farm Flock," and Mr. Pierce will talk on "Kentucky's Poultry Opportunities."

All local banks which during the past year conducted Christmas Saving Clubs are now distributing the funds which were saved by the Club Members during the year and this money, thus saved, purposely for Christmas is now finding its way into the cash registers of all of the local shops and stores.

The Christmas Shopping season which seemed to open on Monday of this week is continuing with steadily growing interest and even today in the local stores more interest was shown than was shown on yesterday. NO STONE LEFT UNTURNED IN INVESTIGATION OF MURDER

Many Wild Tales Circulated in Regard to Schumacher Murder Case—Police Yet Unable to Make Arrest But Continue Hunt.

Many wild rumors have gained circulation over Maysville within the past week with regard to the investigation now under way by the police into the murder of Ben Schumacher, Cotton Mill night watchman. All of these rumors are false and where such rumors are started are quite as much of a mystery to the police as the case itself.

One of these reports which gained circulation Monday night and Tuesday morning was that an arrest had been made in the case but such is not the case. The police have not yet reached the place in their investigation where they feel they have enough evidence to warrant an arrest but as soon as they do reach that point in the investigation arrests will follow at once.

Chief Ort today investigated very carefully all of the papers and letters found in the home of William Riley, who committed suicide Monday at noon. Just what was learned by the police from these papers is not known. Others are being carefully questioned by the officials.

ELEVEN-YEAR-OLD BOY IS THIRD TO DIE FROM BIG FIRE

Charles Beckett, 11 Year Old Son of William Beckett, Succumbs to Burns Sustained When Home Was Burned Last Week.

Charles Beckett, son of Mr. and Mrs. William Beckett, who was carried from his burning home by his father, died this afternoon from burns and pneumonia contracted from exposure at the fire.

This is the third death resulting from the fire which destroyed the Beckett home in the Bridgeport neighborhood a week ago. Orville, the eight year old son, was burned to death in the flames and the father died a few days ago.

The morning of the fire it was feared that Charles had lost both of his eyes in the fire for his face and hands and arms were horribly burned but physicians said that both eyes could be saved. The boy was exposed to the cold night air for several hours, however and he and his father both contracted pneumonia.

It is understood that Mrs. Beckett and her little baby are getting along nicely. Neither were badly burned as Mr. Beckett carried them to safety first but as they were both exposed to the cold for more than an hour, it was feared they would contract a deep cold. The grief stricken woman has the deepest sympathies of the entire community.

ARRESTED FOR STEALING HIDES FROM MEAT STORE

A colored boy employed at Schwartz Meat Market was arrested by Police Sergeant James Mackey and Officer William Tolle this afternoon when it became known that he had stolen two beef hides from the Meat Store and had sold them to the Middletown Junk Shop. The boy offered to pay for the hides and will probably settle the case out of court.

MADALINE TRAVERSE ON A WOMAN'S PAST

It is recorded of Madaline Traverse, the beautiful William Fox star, that she makes a psychological study of each screen part she assumes, and so evolves some interesting bit of philosophy concerning it. When filming "Snarers of Paris" she said, regarding it:

"Should a beautiful and devotedly loved wife of the foremost statesman in France, at the apex of her social power, sacrifice her position by confessing to her husband an indiscretion of her girlhood? That is a serious question and one that can't be settled on general terms. Each case must be decided on its merits."

Miss Traverse insisted that the solution in "Snarers of Paris," which is coming to the Pastime tomorrow is

the right one for that case. She added:

"I can imagine a wonderful woman who, as a girl, has had an experience like that of Marguerite in this photograph, confessing it later to a petty-minded husband who would turn her out of his house. I can imagine also the generous-natured man who could forgive—as his wife probably forgave him—when she married him."

Mrs. Ottendorfer was sole proprietor of the largest German daily newspaper in New York City.

PROFITEERING TO BE INVESTIGATED OVER STATE BY OFFICIALS

Kentucky High Cost of Living Commission Will Co-operate With United States Attorneys in Bringing Profiteers to Justice.

At a meeting of the Kentucky High Cost of Living Commission held in Louisville, Col. P. H. Callahan of that city was elected Chairman.

Furthermore, it was announced that the Department of Justice had taken over this Commission and its full personnel, asking it to be the governmental agency to carry out the spirit and letter of the law as outlined in the recent extension of the over Act which provides for fine and imprisonment of anyone guilty of profiteering in any of the essentials of food, fuel and clothing, and the Commission has now agreed upon an extended program to effect an organization throughout the State, realizing that the present high cost of living is one of the most disturbing elements existing in American life today.

Since the Commission is now under the direction of the Federal Government with the full strength of the Department of Justice behind it, anyone found profiteering in the essentials of life may expect to be summarily dealt with. A fair price committee has been organized whose duty it is to fix a fair price on all necessary commodities, and as soon as these prices are completed, anyone found charging a higher price will be promptly proceeded against through the U. S. District Attorney's Office.

However it is absolutely necessary that the public patriotically do their part in this work by promptly reporting to the High Cost of Living Commission at Louisville, Kentucky, all cases where apparent overcharge has been made, for the field of investigation is so very large that the committee's investigators are personally to locate only in small percentage of the offenders, therefore, it is the purpose of this body to enlist the cooperation of all business, civic, religious and welfare associations, but more especially the citizens themselves in an effort to remedy the present condition.

A most aggressive plan of campaign was outlined with District Attorneys Gregory and Slattery of the United States Court present who are to give their full cooperation and assistance and the public now has the assurance that any case of overcharge reported will have prompt attention but in sending in these reports, it is absolutely necessary in order to make proper investigation that the detailed information be given as to the price paid for the article itself, date of purchase, and name of dealer, over the

signature of the purchaser.

The efforts of the Commission so far have been largely confined to the City of Louisville, where it has succeeded in bringing about considerable benefits and it is now our purpose to extend the usefulness of this Commission to all parts of the State, and any one anywhere should write the High Cost of Living Commission, Louisville, Kentucky, if they have been overcharged or if they know of any overcharging prevailing.

Want to Feel Just Right? — Take an NR Tonight —

JUST TRY IT AND SEE how much better you feel in the morning. That "lousy" headache, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, cathartics and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to feel how much better you feel—brighter, better every way. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best. Get a 25¢ Box.

TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentation are made, and merit alone will stand the test of time. Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ill is looking for.

Henry S. Gallenstein, blacksmith, 24 W. Third St., Maysville, says: "My kidneys were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pains and my kidneys became well." (Statement given January 8, 1912.)

RESULTS THAT REMAIN Over four years later, or on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they gave me has been permanent." Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gallenstein had. GOOD HEALTH THE GLORY OF WOMANHOOD

Attractiveness, Pleasing Personality, Magnetism—For the Woman With Good Health—Good Blood—Means Good Health—Pepto-Mangan Makes Rich, Red Blood—Builds Up Women Who Lack Energy.

How natural that the woman with an abundant supply of vigor, health, and natural attractiveness should compel the admiration of everyone she meets and that she should enjoy life to the utmost. Her magnetic personality and personal charm make her the center of attraction everywhere.

Of course it is the desire of every woman to be healthy and happy and to make those around her happy, yet many women who do not possess good health accept that tired, worn-out, half exhausted feeling as their lot, unconscious of the fact that such poor health is often merely a matter of the blood, and that such a condition can be remedied.

Pepto-Mangan is intended for just such women. It contains the very elements that enrich the blood and increase the supply of the little red blood cells which are so necessary. It is these healthy little red-blooded cells that carry nourishment, strength, vitality, and vigor to every part of the body.

Pepto-Mangan is sold in both liquid and tablet form. Both possess exactly the same medicinal properties. When you ask your druggist for Pepto-Mangan be sure to specify "Gude's"—that is the genuine.

Xmas Shopping Should Not Be Delayed

Come in and select your presents, you will thereby give those persons from the county and other towns a chance to shop when they can best do so. Now that there are no trains running in the morning and the out-of-town people cannot come in, you have a chance but in a few days these trains will be put back on and people will crowd the streets and stores, thereby, making shopping more difficult. The largest and best selection of Christmas goods ever shown in this city. Shop now and give every one a chance.

Never Such a REMEDY FOR PILES

It will cost any sufferer 30 cents to prove that bleeding, itching or protruding piles, no matter how chronic or how painful, can quickly be helped. Go to J. Jas Wood & Son today, hand them 30 cents, say "I want a jar of San Cura Ointment" and if you aren't satisfied—your money back.

Yes, and more; try San Cura Ointment for old sores that people say will never heal, for fever sores, for itching skin, eczema, etter, salt rheum, chapped hands, face or lips, for ulcers, carbuncles, boils, sore nipples and broken breasts.

It draws out poison, that's the secret of the wonderful success of San Cura Ointment; that's why it so quickly heals scalds, burns, cuts and bruises. It's best to use San Cura Soap at all times; it is a great aid in banishing pimples, blackheads and the germs of disease. 25 cents. Thompson Medical Co., Titusville, Pa.

KENTUCKY DISTILLERS ARE HARD HIT BY DECISION

Distillers in Kentucky Will Lose Millions of Dollars as Result of Supreme Court Decision.

Louisville, Ky., December 16—Kentucky distillers and more than 300 Louisville former saloonkeepers were jolted by yesterday's decision of the Supreme Court holding wartime prohibition constitutional.

The distillers, it was estimated, had 89,000,000 gallons of whiskey in Kentucky bonded warehouses, 9,500,000 gallons of it in Louisville alone, ordinarily worth at wholesale \$400,000,000. The former saloonkeepers, after setting the stage for a "wet" period, continued the sale of soft drinks while the distillers, with exportation apparently the only avenue open to them, flocked to the custom-house for export stamps.

One distiller, manufacturer of a famous brand, apparently expressing majority opinion, said he intended to keep his stock of 35,000 barrels in bonded warehouses and "see what would happen."

Meantime, in view of the Supreme Court's decision today, Louisville distillers and wholesale whiskey dealers who recently disposed of large quantities of liquor under protection of federal court injunctions are being scheduled to fresh scrutiny of District Attorney Gregory with a view to probable prosecution on charges of violating the wartime prohibition law.

EX-CONVICT IS ACCUSED OF FORGING MRS. BLACK'S NAME

Frankfort, Ky., December 16—Jeff Harris, an ex-convict and employee of the Governor's residence, was arrested today on the charge of forging the name of Mrs. James D. Black to a check for \$436.

Governor Black discovered the alleged forgery after returning to his home at Harboursville. The check was drawn in favor of Walter Johnson of the John D. Black bank of Harboursville and cashed by the State National Bank of this city.

Harris did much of the buying of groceries for the Governor's residence and in that way learned the handwriting of Mrs. Black. He was an employee of the mansion when Governor Black became Governor. He was pardoned by Governor Stanley, and employed by him.
